## Mid-Season Coach Evaluation Form for the Spring 2010 Season

The Sandwich Soccer Club (SSC) is committed to providing our children with the best, most appropriate level of coaching possible. With this said this year we are having a mid-year coach performance evaluation and are asking for your help. Please have the parents/guardian and players complete the following questions (anonymously, if you wish). This information will help us this season as well as in the future. We have attached a postage paid return envelope to make this process a little easier.

Here are a few points to keep in mind as you fill out this questionnaire. A good coach is not necessarily the coach who wins the most games. Teaching children to play the game is more important than the win-loss column, particularly for the younger players. A good coach provides a learning environment that is age appropriate for their teams.

With those points in mind, on a scale of 1-5 with 1 being poor and 5 being excellent, please let us know how your child's coaches fared in these key areas. **And, most important of all, we have left a section where we would like to hear what the players themselves think.**
